

VISKON-AIRE*

Air Filter Products

Specification & Paint Arrestance

107X

Description:	2.5 x (Specified Width) Blue Top PA
Thickness:	Nominal 2 ½ Inches
Glass Weight:	Nominal 18 grams/square foot (Glass & Binder)
Additives:	N/A
Binder Type:	Cured Urea Formaldehyde
Binder Percent:	Nominal 38%
Roll Length:	As Specified
Slit Width:	As Specified
Standard Color:	Blue / White
Classification:	U.L. Class 2 (Flame Resistance)

Spray Removal Efficiency & Paint Holding Capacity:

Initial Pressure Drop (Clean Filter)	0.03 in. water
Final Pressure Drop (Loaded Filter)	0.57 in. water
Weight Gain on Test Filter & Trough	2181 grams
Paint Holding Capacity of Test Filter	896 grams
Paint Run-off	1344 grams
Weight Gain of Absolute Filter	9.8 grams (Penetration)
Average Removal Efficiency of Test Filter	99.6%

Test Data from Independent Testing Facility

*** EPA certified * Waterborne Compatible!**

(40 CFR Part 63 National Emissions Standards)
